

# TELECONFERENCE

## What You Need To Know About Medicaid Managed Care in New Jersey

*Presented by*

*Beverly Roberts, Director*

*Mainstreaming Medical Care – The Arc of NJ*

Many important Medicaid changes are occurring this summer, including mandatory enrollment in a Medicaid HMO, and the end of an exemption policy that allowed some children and adults to remain in the fee-for-service system. This teleconference will focus on the most up-to-date information that families and professionals need to know about NJ's Medicaid managed care services.
